

Smoke Outlook for 5/29 - 5/30
WesternNewMexico Buzzard Fire
 Issued at: 2018-05-29 14:12 UTC

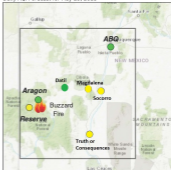

Outlook for WesternNewMexico

Fire
 Acreage 18,312. The fire remains active primarily on the east and western flanks, with some movement to the south. No further northern progress is expected.

Smoke
 Continued late night/early morning "drainage" smoke in Reserve, Frisco, and the ranch lands south and east of the fire. The smoke plume will drift almost due east, remaining south of NM Route 12 and US 60, including Datil and Magdalena. Light but noticeable impacts Socorro south to Truth or Consequences late afternoon into evening hours.

Other
 Smoke-sensitive individuals and people with respiratory or heart disease are encouraged to take precautionary measures.
